

Christ Church C of E Primary School
Sport Premium Funding 2020-2021

What is the Sports Premium?

The Government is continuing to provide funding of £150 million per annum for the academic year 2019/2020. This funding will be directly allocated to primary school Head teachers to spend on improving the quality of sport and PE for all their children.

The sport funding can only be spent on sport and PE provision in schools. OFSTED will play a significant role in ensuring that schools target this funding in areas which will lead to clear outcomes in raising standards and opportunities in PE and school sport for all children throughout the Primary Phase.

At Christ Church this will be calculated at **£21,640.66** for 20/21 (Carried forward **£5,632.34** from previous year) Total of **£27,273.00**

What is the Purpose of the Funding?

Schools will have to spend the funding on improving their provision of PE and school sport, but they will have the freedom to choose how they do this.

So how has Christ Church use the additional sports funding in 2020/ 2021?

The impact of this funding will be measured through:

- Pupil perception questionnaires measuring the interest of children in different areas of the PE curriculum
- Direct feedback by teachers on the quality of support offered by the specialist
- Feedback from the specialist teachers to the Head Teacher on the level of engagement by teachers
- The increase in the number of children engaging in inter school sporting activities
