

# Christ Church CofE Primary School Newsletter

10th June 2022

## Geography Field Trip Week

This week has been Geography Fieldwork Week. Fieldwork is an essential part of a geographical education in primary school as well as being a National Curriculum, GCSE and A level requirement. It enables young people to develop their subject knowledge and gain a range of skills that are difficult to develop in the classroom.

At Christ Church we have a carefully planned curriculum that allows the children to find out about the geography in the local area and we use field trips and activities to find out about how the geographical features of North Shields have influenced our life today.

The children in school have been completing activities in school as well as at Northumberland Park and the Fish Quay. They have had a fantastic time and have learnt lots about the geography of the local area.

## Internet Safety

The world is rapidly changing and the internet and being online has become more and more part of our lives. Over the next few weeks I will be sharing information that can help you support your child with staying safe online.

## Dates for the Diary

Friday 10th June- Whole school coffee morning

Monday 6th- Friday 24th- Year Four Times Table Check

Friday 10th June- Coffee morning
